## PRODUCT GUIDE

Sektor specialises in delivering innovative and efficient technologies for the retail, networking, security, healthcare, ergonomics and mobility markets. Our passionate, dedicated and deeply knowledgeable team is second to none, offering unparalleled industry and technology expertise to help our partners build winning solutions for their customers.

# Humanscale<sup>®</sup>

Since their founding, Humanscale has pioneered the healthy, active workspace. Humanscale is the premier designer and manufacturer of ergonomic products that improve health and comfort at work. They believe the best designs in the world are based on purpose and function, and for this their innovations have been honoured with more than 200 prestigious awards since 2007. If a design solves a functional problem as simply and elegantly as possible, the resulting form will be honest and timeless.

Sustainability of both design and materials is at the heart of what they do, and they solve functional problems as simply and elegantly as possible while consuming less of the Earth's limited resources.

## WORLD ONE CHAIR

### WORLD ONE CHAIR

World One chair is the most minimal, yet fully-functional, task chair ever made. Featuring the same innovative tri-panel mesh backrest and weight-sensitive recline that Humanscale is renowned for, World One is a cost-effective solution that delivers unmatched ergonomic support and the ultimate user-friendly sitting experience.

Like all Humanscale chairs, World One's design eliminates the need for traditional mechanisms by using the laws of physics and the sitter's body weight to offer a perfect recline. World One features armrests that are attached to the back of the chair and move with the user, providing custom comfort throughout the workday. A high-value task chair with minimal parts, World One was built with longevity in mind, to look as good in ten years as it does today.

# SMART OCEAN CHAIR

Incorporating almost 1 kilogram of recycled NetPlus material, Smart Ocean is the embodiment of Humanscale’s commitment to sustainable manufacturing. Featuring the same Form-Sensing Mesh Technology and transparent functionality as the Diffrient Smart chair, Smart Ocean instantly adjusts to each unique user — as if each chair was made for them. With an aesthetic driven by functionality, Smart Ocean has a timeless beauty that’s universally relevant in any workspace.

## ENVIRONMENTAL STORY

Smart Ocean utilises material from discarded ocean fishing nets collected and recycled by Bureo, an emerging venture developing innovative solutions to prevent ocean plastic pollution. The nets are transformed into plastic pellets and then used to manufacture Smart Ocean chairs. Smart Ocean is the first ever ergonomic chair to be built with recycled net and is also certified by the International Living Future Institute to the full Living Product Challenge — meeting the most rigorous sustainable manufacturing criteria to date.
